I'll let you into my secret

know that many of my friends have wondered 2 how Harry and I and the two children manage to have a holiday every year. Harry doesn't get a Cabinet Minister's salary. Far from it. get a Cabinet Minister's salary. Far from it. I'm a good manager, of course—most house-wives are. They have to be. But my secret is—the CO-OP. I get everything from Goole Co-operative Society. They sell fine quality C.W.S. goods which are w dependable and cost no more than elsewhere, and then, of course, you get dividend on all purchases. And it's really amazing how the dividend mounts up. I leave mine in for the whole mounts up. 1 leave mine in for the whole year, and draw it out in the summer. But for that we wouldn't be able to have a holiday.

Why don't you enjoy the benefits of cooperation by joining
